# REPORT ON SHIPPING

---

To the Honourable

J. D. HAZEN,

Minister of Marine and Fisheries.

SIR,—I have the honour to submit herewith the twenty-second List of Shipping issued by this Department. It has been compiled chiefly from records kept in the Department, and care has been taken to make it as complete and accurate as possible. This year for the first time, motor vessels have been distinguished from steamers, by printing their names in italics.

At the end of the List will be found a statement of the names of the vessels which have been registered, or have been removed from the Register Books, while the List was in the course of preparation: also, on coloured paper, a List of steamers which are owned in Canada and operated on the Inland Waters, but which are registered in Great Britain.

The total number of vessels remaining on the Register Books of the Dominion on the 31st of December, 1912, was 8,380, measuring 836,278 tons, being an increase of 292 vessels and 65,832 tons, as compared with 1911. The number of steamers on the Register Books on the same date was 3,667, with a gross tonnage of 641,225. Assuming the average value to be \$30 per ton, the value of the net registered tonnage of Canada on the 31st December, 1912, would be \$25,088,340.

The number of new vessels built and registered in the Dominion of Canada during the year 1912, was 420, measuring 34,886 tons net register. Estimating the value of the new tonnage at \$45 per ton, gives a total value of \$1,569,870.

A comparative statement showing the tonnage of each of the Maritime States of the world is again given.

During the year 241 vessels were removed from the Register Books, and a detailed statement is given showing the cause of their removal.

It is estimated that 42,490 men and boys, &c., inclusive of the masters, were employed on ships registered in Canada, during the year 1912.

## RAPPORT SUR LA MARINE MARCHANDE

---

A l'honorable J. D. HAZEN,

Ministre de la Marine et des Pêcheries.

MONSIEUR,—J'ai l'honneur de présenter la vingt-deuxième liste de la Marine publiée par ce département.

Cette liste a été calculée à même les dossiers du département et on a eu soin de la rendre aussi complète et aussi exacte que possible. Pour la première fois cette année, les vaisseaux à moteur sont indiqués, indépendamment des vapeurs, en italiques.

On trouvera à la fin de la liste le tableau des vaisseaux ayant été enregistrés ou biffés des registres alors que la liste était en cours de préparation; également, sur papier de couleur, la liste des vapeurs dont les propriétaires sont Canadiens et qui naviguent dans les eaux intérieures, tout en ayant été enregistrés dans la Grande-Bretagne.

Le nombre total des navires portés sur les registres du Canada au 31 décembre 1912 était de 8,380, d'un tonnage de 836,278 tonnes, ce qui donne une augmentation de 292 vaisseaux et de tonnage de 65,832, par rapport à l'année 1911. A la même date, le nombre des vapeurs figurant au registre était de 3,667, d'un tonnage brut de 641,225 tonnes. En estimant la valeur moyenne du tonnage à \$30 le tonneau, le tonnage enregistré au Canada au 31 décembre 1912 serait de \$25,088,340.

Le nombre total des vaisseaux construits et enregistrés au Canada durant l'année dernière a été de 420, d'un tonnage de 34,886 tonnes. En estimant la valeur du nouveau tonnage à \$45 le tonneau, on obtient une valeur de \$1,569,870 pour les nouveaux vaisseaux.

La liste contient aussi un tableau comparatif, indiquant le tonnage de chacun des pays maritimes du monde.

Durant l'année écoulée, 241 vaisseaux ont été biffés des registres pour les raisons données.

On estime à 42,490 le nombre des hommes et des garçons, etc., y compris les capitaines, qui furent employés à bord des vaisseaux enregistrés au Canada, pendant l'année 1912.

3 GEORGE V.
